

hearbeauty®

hearbeauty[®]

see beauty · hide everything else

It is no surprise that both design and hifi enthusiasts love clic.

The idea of a luxurious and functional furniture that hides where it needs to and still present sound in a stylish way, arose when Mike Fabricius was unable to find a furniture that was both functional and had a great design at the same time.

With more than 3000 vinyl records on the shelf and a large hifi system combined with a high demand for both sound and the visual result, he had no choice but design a furniture himself.

The result was clic.

clic is a well thought out combination of hifi and exclusive Danish furniture design. The furniture allows you to hide cables, speakers, subwoofers, gaming consoles, projectors and everything else that disturbs the eye – and make it a part of a stylish setup – without compromising the great sound and design.

NEWS

clic introduces:

- 6 new models
- A new furniture height
- New functions

Model 240S Right

Model 241 Center

Model 240

Model 1540

NEW HEIGHT

We are very pleased to introduce a completely new height in clic's model range.

With the new height we are if possible, even more flexible and can house another wide range of products inside the furniture. The new height will consist of these models: 1530, 1531, 1540 and 1541.

202 CENTIMETERS

clic has a wide range of models with a width of 202 cm. The models in 202 cm. summarize the knowledge and knowhow clic has accumulated over the past 16 years. The models in 202 cm. are available in 3 different heights, 4 depths and several combination options.

As an example model 240 is available in 5 different variants:

- Model 240
4 rooms, all in the same size
- Model 240 Center
3 rooms, the room in the middle is wider and can as an example store a large center speaker
- Model 240 Large
3 rooms, all in the same size
- Model 240S Left
2 rooms, a small one and a big one. On model Left the big room is on the left side and can be used for a Soundbar or other longer items
- Model 240S Right
2 rooms, a small one and a big one. On model Right the big room is on the right side and can be used for a Soundbar or other longer items

With furniture in this width, we made it even easier to create an elegant set-up without losing focus on the sound quality and the design.

When using model 14S Left in 26,5 cm. you get an elegant furniture setup with room for a small music system without taking up too much space into the room. With a 65-inch screen above the furniture, the furniture will still be wider than the screen, which visually creates a balance.

NEW MODELS IN 202 CM.

We launched the first models in this width back in 2019. They have since become some of our most popular models.

We are therefore expanding our model range with 3 new models in width 202 cm. Bestseller models 240 and 241 are now also launched as model 24 in depth 26,5 cm. In addition we introduce model 1540 and 1541 which are also a completely new height. These 3 new models are also launched as model 23, 1530 and 1531, all 1,5 meters wide.

You get a complete overview of all clic models on pages 18 to 25.

Model 1541

FABRIC DOORS IN 16 COLOURS

The clic furniture are available with fabric doors in 16 different colours. The fabric doors allow you to hide speakers and music systems and send signals in and sound from the speakers out – without opening the door.

We have fabric doors in two series, classic and mélange. The classic series have 11 colors. The slightly more structured mélange series has 5 colors.

FINISH & QUALITY

All clic furniture, wooden doors and drawers are available in white, lightgrey, grey and black paint and the 2 veneers: Oak and walnut.

Regardless of colour or finish all clic furniture are produced after the same principle with high focus on quality.

Exclusive finish

HIFI EXPERT

FUNCTIONS

A WELL THOUGHT
OUT FURNITURE

VINYL HOLE

With a vinyl hole in the top of your furniture, you get a cool and elegant storage solution for your favorite vinyl records.

VENTILATION

With a clic ventilation you can cool down the items stored behind a wood or fabric door.

FIREPLACE

With a clic fireplace you can integrate the warm and cosy feeling in the top of your clic furniture.

DRAWERS

The drawers in the clic furniture are divided with 2 metal sticks. The metal sticks can be placed in different ways to store all kinds of software or other items.

BACK PLATES

The clic furniture has a 5 cm. advanced magnet mounted back plate. This allows you to hide cables behind it.

FABRIC DOORS

The clic furniture is available with fabric doors allowing you to hide your music or movie system and control it through the fabric doors and allowing the sound to come out - without opening the doors.

ALU COVERS

clic's cable covers are available in 5 different variants. Choose between brass or aluminum in black or silver.

WOOD DOORS

The clic wood doors allow you to hide the items you don't wish to display.

VINYL AND BINDER

You can store your vinyl records or binders in several of clic's furniture models, and still use the hidden space in the back of the furniture for cables etc.

WALL BRACKETS

If you want to place your clic furniture on the wall you simple use clic's special designed wall brackets. You can mount your furniture completely up against the wall.

MODEL DESKTOP

clic Desktop has all the same functions integrated as the rest of the clic models. Model Desktop has a table flap that opens down when opened. The top of the flap is aligned with the furniture when opened.

DESIGN FREAK

MADE IN DENMARK

All design, development and production of the clic furniture are based in Denmark and all our furniture are made by hand.

Even the last coat of paint are done by hand to ensure a flawless finish and high quality.

All our materials are sourced in Denmark and we handpick all our suppliers.

Our demand on materials and quality are constantly in focus. Our functions such as the removable back plates, our wall brackets and cables holes in the top and bottom are thought out down to the smallest detail and is a significant part of clic's dna.

Our furniture are constructed to provide optimal strength and to hold a high amount of weight regardless if you place them on the floor on stands or mount them on the wall. All our furniture undergo a thoroughly quality check before they leave our production.

Magnet feet

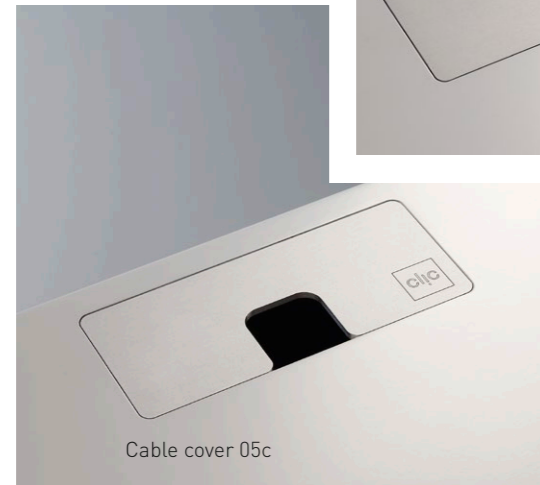

Cable cover 05a

Cable cover 05b

Cable cover 05e

Cable cover 05c

Cable cover 05d

CABLE HOLES

All clic models have one cable hole center in the top plate as standard.

When ordering a clic furniture it is important to consider how many cable holes you need. For instance: Do you need cables from the furniture up to your flatscreen, a turntable or a lamp? Or do you need extra holes for our ventilation solution?

You can also order the furniture with no holes in the top plate.

Model 230 with 3 cable holes

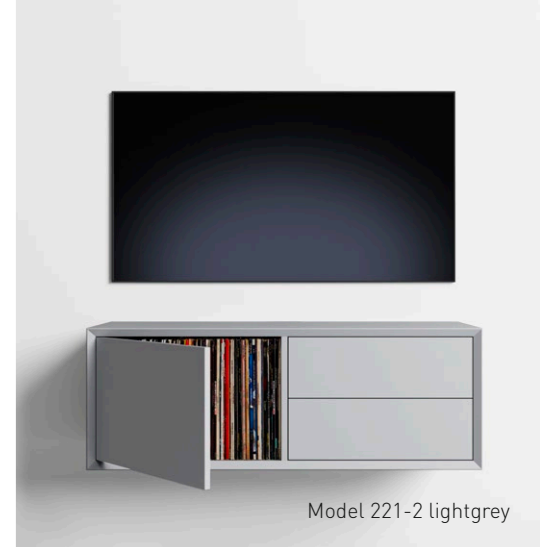

Model 211 and 221-2

FIREPLACE

With a clic bioethanol fireplace you can integrate the warm and cosy feeling in the top of your clic furniture.

VINYL HOLE

Store your favorite vinyl records in our special designed vinyl hole (Registered design) and flip through your favorites. Larger vinyl collections can be stored ordinarily in a clic furniture with or without a door.

Model 221-2 lightgrey

MOUNTING

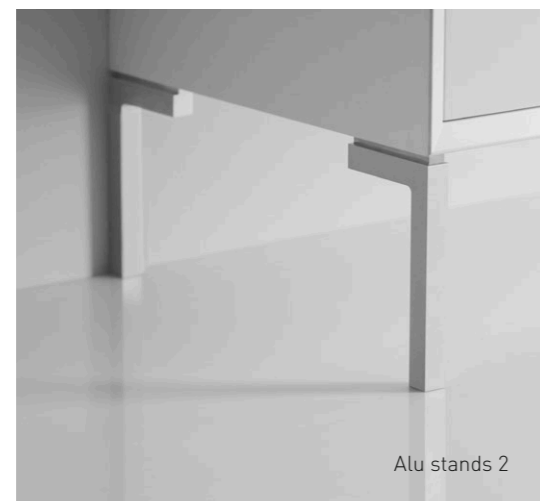

The clic furniture can be stacked on top of each other by using our magnet feet or placed on the wall with clic wall brackets.

Most clic models can be mounted on alu stands 1, 2, 3 or wheels.

On clic.dk you can see how each model can be mounted.

Alu stands 1

Alu stands 2

Alu stands 3

ALU STANDS

Clic has three types of aluminum stands. All three types are available in both silver and black. The low alu stands 1 are 3,5 cm. high, are delivered with the necessary support feet needed under the wider furniture. Alu stands 2 and 3, both 19 cm. high, are delivered with the number of support stands needed for the clic model you have ordered. If you want a setup without visible support stands, you can order our alu stands support. A special made support fixed under the bottom of the furniture.

BACK PLATES

The clic furniture are fitted with removable back plates. The furniture are just as stabile with or without the back plates.

The back plates are fitted with magnets and are placed 5 cm. from the back of the furniture to provide space behind them for cables etc.

Back plates

Model 220-2 in grey with vinyl hole

ENDLESS POSSIBILITIES

The clic furniture are available in 4 depths, 5 widths and 5 heights. They can be combined in countless ways and offers plenty of opportunities to create a personal expression in the room.

The range of models and functions will solve your decor needs whether your wish is a stylish way to store your vinyl collection, music system, subwoofer or maybe your book collection.

You can play with the different colours or choose a classic solution in the new walnut or oak veneer. You can dial up the minimalistic look and hide everything from your Bob Dylan collection to your Glenlivet's behind doors or drawers or you can choose a more unique expression with open rooms and let the furniture display your items.

It's all a question of style, taste and courage.

REMEMBER WHEN ORDERING

IF YOU HAVE ANY QUESTIONS OR
NEED HELP, PLEASE CONTACT YOUR
CLIC DEALER OR CLIC DIRECT ON
+45 8699 7400 OR INFO@CLIC.DK

1.

DEPTH

clíc's models are available in 4 depths. The first thing you have to do is find out what your need for depth is.

2.

MODEL

When you have decided on the depth, you need to choose your model. On the following pages you can see what models are available in the different depths.

3.

COLOUR

Then you have to choose colour or veneer on your furniture. All models are available in white, lightgrey, grey and black paint as well as oak and walnut veneer.

4.

NUMBER OF HOLES IN TOP PLATE

It's important that you decide how many top holes you need in your furniture. A top hole will always be placed center above a room or center furniture, but it's completely optional if you want 1, 2, 3 or no top holes in for example a model 231.

5.

FUNCTIONS IN THE TOP

If you want to integrate a vinyl hole, iPad pond or a fireplace in the top of your furniture, don't forget to add this to your order. On our website you can see what models can be ordered with these functions.

6.

BACK PLATES

clíc's removable back plates comes in white and black, with and without cable holes for cabling. The back plates are included in the furniture price. White and lightgrey furniture are fitted with white back plates. Black, grey and veneer furniture are fitted with black back plates. If you want a different configuration just make sure to make a note on that in your order.

7.

DOORS AND DRAWERS

You can choose between fabric and wooden doors. The fabric doors are available in 2 quality's and a total of 16 different colours. Wooden doors and drawers are available in the same paint and veneer colours as the furniture. On our website under each model you can see if the model you want can be fitted with drawers. When you have decided on doors and drawers make sure to add to the order how you want them placed in the furniture and what side you want the doors hinged.

8.

MOUNTING AND ACCESSORIES

Your final decision is how you want your furniture mounted and what accessories you need – wall brackets, alu stands, cables covers etc.

DEPTH 26,5 CM

All clic models have one cable hole center in the top plate. If you want your clic furniture without holes or with extra holes remember to add this information on your order.

When removing the back plate the internal depth is 253mm
